THE TEETH ...

and the **TOOTH SERVICE**

WHAT UNSHACKLE THE HANDS
OF THE PROSTHETIC ARTIST

No matter how skilled his hands, nor how keen his judgment, the ultimate naturalness and practice-building value of a restoration can be no greater than the freedom with which the dentist can exercise his inherent artistry.

Knowing this, we have long since set our sails accordingly by stocking the complete Trubyte New Hue line and by backing it with a Tooth Service as unsurpassed in its function as Trubyte New Hue teeth are in theirs.

Teeth whose naturalness and dependability represent modern ceramic art at its best and whose wide range of forms, sizes and shades, offer adequate latitude in selection; tooth stocks tuned to the unusual as well as the usual requirement; a staff famed for its intelligent "know how" and courteous "will do"; promptness and accuracy—this is our formula for freeing the prosthetic hands . . . and keeping them free!

Non-fluorescing artificial teeth (upper denture and lower centrals) as they appear under ultra-violet rays. Remaining lower teeth, which are natural, show fluorescence.

lost in the dark?

not ceramicast teeth

Fluorescent Ceramicast teeth as they look under light containing a predominance of ultra-violet rays.

Of specially formulated porcelain, Ceramicast teeth are designed to duplicate the appearance of living teeth under almost any lighting conditions. In dim lighting or semi-darkness, where the effects of fluorescence-producing invisible light rays are most noticeable, non-fluorescing artificial teeth become nearly indiscernible and may leave the wearer apparently toothless. Ceramicast teeth, however—like living teeth—fluoresce in those invisible rays always present in both artificial light and daylight. As a result, Ceramicast teeth are visible and natural-looking under even the faintest of lighting.

Health Symposium Closes Current Season

The final monthly meeting of the Chicago Dental Society convened in the North Ballroom of the Stevens Hotel on Tuesday evening, May 20. The subject, "Good Health for the Dentist," attracted a crowd of members and climaxed a very successful series of meetings for this season. Robert G. Kesel and his committee in charge of the programs for the monthly meetings deserve much credit. He and the committee have worked hard for our benefit and their only reward is the gratitude of the members.

Robert I. Humphrey conducted the meeting and after approval of the minutes of the last meeting asked Robert J. Wells to read a resolution pertaining to announcements and listings of dentists. This resolution appears elsewhere in this issue. The new officers and directors of the Society were installed and the branch presidents presented with certificates of appreciation for their service to the Society.

Dr. Louis P. Austin of Rochester, Minnesota spoke on "Common Ailments of Dentists Treated at the Mayo Clinic." He statistically reviewed the two hundred and seventy-three dentists registered at the clinic in 1940. His conclusions were, that as a group, dentists were "reasonably healthy" and suffered from no specific occupational disease trends. The statistical presentation seemed difficult for the audience to grasp.

Dr. Fremont A. Chandler spoke next on the subject, "Posture—Bone, Joint

and Muscle Disturbances." He holds the view that there is no true occupational disease of dentists. Their diseases are the same as those of any other indoor worker. Dr. Chandler summarized these as atrophy from lack of exercise. He felt that the much talked of sacro-iliac trouble is not so common and the seldom referred to lumbar-sacral trouble is much more frequently encountered. The inclined plane resulting from the heel of our shoe is not a mechanically sound principle of support. Economics make the heel necessary, but good arch support and sufficient room can partly compensate for it. Too small a stocking will act the same as too small a shoe. Bursitis of the shoulder is a manifestation of metabolic changes.

Dr. Chauncey Maher concluded the program with the subject, "Cardiac Diseases—Their Symptoms and Prevention." He believes that increased life expectancy brings about an increase in degenerative heart disease. Dr. Maher does not approve of the treatment of hypertension by sympathetic resection. The use of drugs is limited and of questionable value, but the elimination of fatigue is imperative. He says, "there is no such thing as cholesterol free diet." In rheumatic valve disease a recurrence in middle life should be guarded against. The four essential methods are to check for goiter and gall bladder disease, avoid fatigue and get plenty of sunshine.—*Henry Q. Conley.*

Minutes of Regular Meeting of the Chicago Dental Society

May 20, 1947

North Ballroom—Stevens Hotel

The last regular monthly meeting of the current season was called to order by President Humphrey at 8:30 p.m.

Motion was regularly made and severally seconded that the reading of the minutes of the meeting of April 15 be dispensed with inasmuch as they have been published in the Fortnightly Review. Motion carried.

It was then regularly made and severally seconded that the minutes of the meeting of April 15 be approved as prepared by the Secretary and published in the May 15 issue of the Fortnightly Review. Motion carried.

Reports of boards and standing committee—none.

Reports of special committees—none.

Unfinished business—none.

New business—

President Humphrey announced that the Board of Directors, at the suggestion of a group of members, had prepared a resolution for the consideration of the body pertaining to listings and announcements of dentists. The President stated that this resolution would be published in the Fortnightly Review and again presented at the next regular meeting for official action. Secretary Wells then read the following resolution:

WHEREAS, the American Dental Association has revised its Code of Ethics and placed some of the responsibility for regulating the conduct of members upon the membership of the district dental societies, and

WHEREAS, the provisions as set forth in Sections 3 and 4 of the Code of Ethics relating to printed cards, letterheads, announcements and directories specifically delegate the power to establish ethical rules of conduct to the district societies, and

WHEREAS, it is the practice of publishers of media of all kinds to solicit advertisements commonly called "professional cards" from members of the dental profession, and

WHEREAS, the publication of such cards or advertisements tends to give the members concerned public notice to the disadvantage of members not so announcing themselves, and WHEREAS, the Dental Practice Act of the State of Illinois, in Section 4a, specifically prohibits a dentist from holding himself out to the public as a specialist in any of the branches of dentistry without first obtaining a certificate from the Department of Registration and Education, and

WHEREAS, it now becomes incumbent upon the Chicago Dental Society, in the interest of its members and of the public, to regulate announcements and directory listings, following regulations:

No member of the Chicago Dental Society shall print or publish, or authorize the printing or publication of his name, telephone number, address or information pertaining to practice in any publication or directory distributed within the territorial jurisdiction of this Society, using any conspicuous style of type and wording generally in use; nor shall any member use such wording as "Phone for Appointment," "If No Answer Call—," "Hours Daily except Wednesday," or any other similar wording which shall tend to give his announcement visual prominence over other names listed; nor shall any member insert a professional card in newspapers or programs for social, church, school or community events, or any similar media,

Provided, however, that nothing in this resolution shall prohibit a member who holds a certificate in any of the recognized specialties of dentistry, issued by the State of Illinois, from indicating in modest type after his name the limited practice authorized by his certificate, and

BE IT FURTHER RESOLVED, that any member who uses any listing or announcements contrary to the regulations as provided in this resolution or the Code of Ethics of the American Dental Association, or who shall violate any of the provisions of the Dental Practice Act of the State of Illinois, shall be guilty of unethical conduct, and

BE IT FURTHER RESOLVED, that proper notice of the adoption of this resolution shall be published in the official journal of this

EDITORIAL

PUNCTUATION—GOOD AND BAD

A survey of the papers presented at the 1947 Midwinter Meeting reveals that many of them either have punctuation marks to burn or leave them out altogether, except for an occasional period. One essayist apparently couldn't make up his mind where to use commas and semicolons so he compromised by using dashes exclusively. All of which leads up to the thought that a few remarks anent punctuation might be of some use to budding authors, branch correspondents and the like.

In a recent issue of the Naval Medical Bulletin, the editor offers a few helpful hints regarding the use of certain devices for subdividing a sentence. He writes that, in general, punctuation is overdone and if an article is held up and shaken well so that a shower of commas descends from it, the punctuation will be greatly improved. He cites Oscar Wilde who, while writing a poem, spent all morning putting in a comma and all afternoon taking it out. Obviously such perfectionism is neither expected nor desired in dental literature.

Punctuation marks have been called the traffic signs and signals that act as guides for the reader. They tell him when to stop or slow down, when to make detours or take short cuts. They prevent collision among words and confusion in meaning. They make reading safer and surer. Early writing looked like this because the words were joined all together. It took centuries to invent even the most simple and essential of all punctuation marks—the space between words. Not until the sixteenth century was a regular system of punctuation worked out.

On the whole what the author wants to say and how he wishes to express it affect the punctuation. He should have a sense of literary propriety and a knowledge of what constitutes good usage among writers. He should remember that the modern writer uses about half as many punctuation marks as the writers of fifty years ago. If he follows these few suggestions—editors will rise to call him blessed!

CIVILIAN NAVAL RESERVE

Beginning this month the Civilian Naval Reserve is putting on a membership drive. It offers, in addition to military training, rare educational advantages. Those who may enroll are: (A) Navy, Coast Guard and Marine Corps veterans of World War II, of any age, who served honorably for more than six months, (B) Veterans of any other U.S. military service between the ages of 17 to 39 inclusive and (C) Non-veterans in this same age group.

A member of the Reserve may learn radar, sonar, radio and electronics, as well as participating in military maneuvers. Units will be assigned small, easily handled Navy ships so that members can organize their own short training cruises in local waters. Submarines will be available for those who elect to join the proud gang of submariners and first line planes for those who wish to retain or improve their flying skill.

Now, with the coming of peace, proponents of disarmament are again raising their voices. We must not forget that twice within thirty years, because we tried to live among the family of nations with inadequate defenses, we had to hold the enemy off with one hand while hurriedly building up a war machine with the other. With an adequate reserve force, a moderately sized army and navy will suffice. The Civilian Naval Reserve is a part of just such a force and should be supported by every right thinking American.—James H. Keith.

BOOK REVIEW

"The Dentist's Own Business" by Arthur A. Campbell, First Edition, 113 pages. Price \$5.00. The Blakiston Company, Philadelphia, 1946.

While this book is dedicated particularly to young men entering practice and to returning veterans, it is filled with provocative statements and helpful suggestions for every dentist who is interested in bettering his practice. The time has passed when it is unnecessary for a dentist to be a good business man for sound business practices are essential to success. However, the author hastens to point out that a dentist can be a good business man and still be a failure. Many men who have accepted and practiced the dogmatic principles advocated by individuals interested only in making the practice of dentistry a business have failed because their theory of practice bordered on commercialism.

Dr. Campbell states that keeping books does not mean that a professional man is commercializing his profession. No dentist enters practice with much knowledge of the proper conduct of a practice or the economic principles involved. It must be acquired through study of the subject. It becomes easy if the basic principles are understood. The author admits, however, that no man can tell the other fellow exactly what to do. But to read about it will do very little good unless he adopts that which meets his approval and puts it to work.

The book contains cogent discussions of many phases of the business side of dental practice including records, making estimates, files and billing, collections, credit, banking, monthly summaries, types of offices, the assistant, preparations for the day, opening and closing the office, and patient routine. In fact one of the stimulating features of the book is the breakdown of practice management into so many subjects with individual treatment given to each.

The use of a rotating appointment book which can be made up in an attractive loose-leaf binder with printed but undated day sheets upon which not only the appointment but the actual time spent in operation, the service rendered and the fee can be recorded. The sheets can be dated by the assistant and days when the dentist does not work can be omitted from the book. The combined appointment and day sheet can be removed from the book and kept on the operating cabinet for ready reference and use and the first sheet in the appointment book beside the telephone will be the next day's appointment schedule.

The writer believes that many dentists punish themselves unnecessarily by retaining methods and records not suitable to their practices and that those who are carrying on an incorrect program should spend a little time and effort in learning to better serve themselves. Usually no record is kept of unproductive time and the dentist is blissfully ignorant of its importance. The daily appointment record advocated will inform the dentist of his unproductive time and his amazement will stimulate his efforts to restrict it.

It is essential to satisfactory business relations that an estimate of the cost of treatment should be given the patient in advance. The writer states that there are very few dentists who occupy such an exalted position that they can do as they please and then render a statement for any amount they think justified. With the importance of this aspect of practice in mind, a detailed discussion is given of the methods for making a careful mouth examination and an estimate of cost. The method of giving several estimates to the same patient with the lower estimates based on service of substandard quality and the use of models showing

(Continued on page 19)

NEWS AND ANNOUNCEMENTS

PORTAL HOUSE NOW OPEN

Portal House, a treatment center for persons receiving public assistance who cannot hold jobs because of alcoholism, has been opened by the Chicago Department of Welfare. Dr. Anton J. Carlson, Professor Emeritus of Physiology at the University of Chicago and President of the National Research Council on Problems of Alcohol, is chairman of the Advisory Committee and has many of the outstanding physiologists of the country serving with him. Dr. Andrew C. Ivy, Vice President in charge of professional schools of the University of Illinois and professor of physiology at that institution, is vice chairman of the group.

The objective of the new service is to restore alcoholics from a state of dependency and social encumbrance to constructive living and useful productivity. Alcoholism, according to Dr. Carlson, has become a major social and public health problem and there are indications that the war has not rendered the problem less urgent. The Department of Welfare hopes that Portal House will "open a door to a new way of life" for many men and their families.

DISABILITY PLAN PAYS

The Disability Plan of the Chicago Dental Society now has been in effect for eighteen months. Approximately sixty per cent of the active eligible members are enrolled. In this period a total of three hundred and nine claims have been reported, of which two hundred and fifty-seven have received final payment and, therefore, are now closed out. The remaining fifty-two cases are of longer duration and partial payments are still being made on them. The actual paid cases total \$66,584.80. This amount has been paid out as follows: 152 under \$200; 83 from \$200 to \$500; 13 from

\$500 to \$1,000; 3 from \$1,000 to \$2,000; 3 from \$2,000 to \$3,000 and 3 from \$3,000 to \$4,000.

The cases of the more serious type drew correspondingly large amounts. One member drew \$3,822.50 for various ailments. Another member drew \$3,662.50 when stricken with phlebitis. A payment of \$3,528.27 was made on a heart case. Of the fourteen cases reported in this bracket, four were attributable to heart disease of various kinds. The above payments are only up to date and further payments will be made, as all the aforementioned are still disabled.

VETERANS ADMINISTRATION ISSUES NEW FORM

VA Form 10-2570, Dental Examination and Treatment Record, has been revised. Use of the revised form will expedite the issuance of examination and treatment authorizations by the Veterans Administration. Clerical work has been reduced by eliminating several forms now used as you will observe upon receipt of your first revised VA Form 10-2570.

The new form provides that the Participating Dentist notify the veteran when to report for examination or treatment, whichever applies.

After you have made the examination and signed your name in the appropriate box, be sure to remove Page 7 of the packet before returning the packet to the Veterans Administration office of issuance.

VETERANS ADMINISTRATION OFFICE OF ISSUANCE

When the VA Form 10-2570 is returned to you by the Veterans Administration and you have completed the authorized treatment, sign your name in

the box indicated, remove Page 4 of the packet and mail the remaining pages to the Veterans Administration office of issuance.

Treatment will continue to be authorized on the old VA Form 10-2570 for those veterans whose examinations were made on the old form.

CHICAGO-COOK COUNTY SURVEY

At the request of local health and welfare agencies, an investigation was recently completed by the United States Public Health Service of the health needs and resources in the Chicago-Cook County area.

As a result of these studies the investigators recommended the employment of additional dental personnel in the city and county health departments, expansion of dental health education activities, continuation of studies of the dental needs of preschool children, establishment of in-service training for employed professional personnel, increase in the number of hospital dental internes and provision for their supervision and adoption of a uniform system of dental records for all agencies providing dental care.

COMMUNITIES NOW USING FLUORINE IN DRINKING WATER

According to the Journal of the American Dental Association, fluorine studies are now being conducted in five cities in the United States and one in Canada. In each case one part per million has been added to the commercial water supply.

The cities conducting the studies are: Grand Rapids and Midland, Michigan; Sheboygan, Wisconsin; Newburgh, New York; Evanston, Illinois and Brantford, Canada.

The Journal warns that the addition of sodium fluoride to drinking water to inhibit caries among children is still largely experimental and should not be attempted on a universal basis. In the

meantime it is perfectly possible for dentists to apply diluted solutions of sodium fluoride to the teeth of child patients during the course of regular dental treatments.

UNIVERSITY OF ILLINOIS REFRESHER COURSES

The University of Illinois College of Dentistry will offer two new refresher courses in "Complete Denture Prosthesis" and "Crown and Bridge Prosthesis" starting July 7.

Dr. Isaac Schour, associate dean of the college in charge of postgraduate studies, announced that each course will be of four weeks' duration. Classes will be conducted from 9 a. m. to 5 p. m., Monday through Friday.

Dr. W. H. Kubacki, professor of prosthetic dentistry, and his staff will instruct the course in "Complete Denture Prosthesis." The second course, "Crown and Bridge Prosthesis," will be taught by a staff headed by Dr. S. D. Tylman.

Dr. Schour disclosed that enrollment would be limited to six in each class. The courses will be offered by the University under the provisions of the G.I. Bill of Rights.

A twelve-week refresher course covering almost every field of dentistry will be offered starting September 8. The course will be available in its entirety or in special units.

AMERICAN BOARD OF ORAL SURGERY

The Council on Dental Education of the American Dental Association has announced its recognition and approval of the newly formed American Board of Oral Surgery. The officers of the Board are: Dr. Howard C. Miller of Chicago, president; Dr. Carl W. Waldron of Minneapolis, vice-president; Dr. Leslie M. Fitzgerald of Dubuque, secretary-treasurer; and Drs. Frank B. Hower of Louisville, Athol L. Frew of Dallas, Aubrey L. Martin of Seattle and James R. Cameron of Philadelphia.

NEWS OF THE BRANCHES

ENGLEWOOD

There is a man on the South Side who insists on taking me on a fishing trip to Canada in his airplane. When he is able to put two fifty-foot logs on it for pontoons I would risk giving up my ghost and meet the man that split the first atom. My policy offers double indemnity for accidental death, but not for suicide. If any of you wish to go, telephone T. H. Vermuelen. . . . Bill Shippee is cleaning up all the back waters of Channel Lake and Lake Catherine with his broken fly rod. . . . Gus Solfronk is getting along very well and soon will be back in shape. This means that he will be pushing us around on the Canada portages. . . . Paul Kanchier is going to spend every dime you have on prizes for our golf outing which is going to be a "honey." . . . Englewood extends its heartiest congratulations to C. J. Coffey in that he was elected President of the Oral Surgeons Society at the Illinois Athletic Club on January 20. A banquet was held in his honor after the Society's regular meeting. . . . Ernest Goldhorn has returned from the annual Industrial Health Conference held at the Statler Hotel in Buffalo, New York from April 30 to May 2. This annual affair is sponsored by the American Association of Industrial Dentists, of which Ernest is a member. . . . Irving Oaf is planning a few weeks' vacation down East July first and will attend the National Dental Meeting at Boston. . . . Milton Cruse became a proud grandfather on April 11. Marcia Elaine Snipe was born at Johns Hopkins Hospital, Baltimore, Maryland. Her dad is Dr. Russell T. Snipe, connected with the Eye Department at the Wilmer Institution. . . . Frank Hospers is back with us again. He has taken a postgraduate course at Iowa State University and is now spending his time at Olympia Fields. . . . Englewood extends its deepest sym-

pathy to E. A. Jacobson who has lost his mother. . . . O. E. Johnson and family are going to spend their vacation at Wobeno, Wisconsin and on June 21 their daughter, Jean Marilyn, will be married. . . . L. P. Horevitz returned from Florida in time to be installed as Vice President of our Englewood Branch. . . . Mrs. William Phillips is leaving for Denmark on June 6 and will spend three months overseas. Behave yourself, William! . . . F. G. Kuchler and family are taking a three months' trip to Montreal, Quebec and Saguenay. . . . Elmer Ziemer was married on the nineteenth of April. Congratulations, Elmer! . . . R. J. Waska became a proud dad of a fine, healthy boy. . . . The Lions Club is sponsoring a blood bank at the Holy Cross Hospital and a night soft ball game is being held to raise funds for this purpose. Vince Milas is program chairman. Please attend this game, folks, it is for a wonderful cause. . . . C. E. is a little behind in his dahlia planting; he has just returned from a two weeks' vacation at Hot Springs. . . . R. L. Felton and family are taking a month's vacation starting June 12 and will drive through the East via Washington, D.C., and then to Montreal, Quebec. After three years in the service, these two men began practicing again; Ed Hartman at 83rd and Ashland, and Nelson Hoyt at 89th and Racine. Best of luck, fellows!—*Edmund A. Werre, Assistant Branch Correspondent.*

NORTH SUBURBAN

Good news, fellows! Mark this down now in your appointment book. Our Branch will have its annual Golf Day Wednesday, July 16. What time?—all day; dinner? about 6:30; how much? five dollars for all day or two and one half dollars for either golf or dinner alone. Where?—the Briargate Country Club. How do you get there? Well, go

north on Waukegan Road (42A) until you come to Deerfield Road, turn left (west) on Deerfield Road and drive until you come to the Golf Club. Leo Tasto, the chairman for the affair, is very ably assisted by Eddie Baumann, John McGuire, Jim Carter, Al Pedersen and Carl Brasmer. Last, but not least, may we give credit to Waldo Urban for doing the collecting for the affair. You can make arrangements for tickets by contacting his office at 636 Church Street in Evanston. Make arrangements now as it will help the golf committee with their program for the day. We are informed that there will be plenty of prizes as well as a good dinner on hand to "top" the day. . . . When it comes to vacations several of the boys know how to pick them. John Heller of Desplaines has decided to see how things look across the "pond" and is making a tour of Europe. A classmate of Walter Boyer of Desplaines has struck oil in Arkansas and in order to spread it around has invited his classmates for a ten-day demonstration of Southern Hospitality. Otto Brasmer of Evanston was also in on this. After Otto's description of the trip, capital letters were purposely used for "Southern Hospitality." Howard Dunn of Arlington Heights will be motoring through the Ozarks on the first of June. Eddie Bauman will be in the same area fishing. . . . I'll see you July 16 at Briar-gate, fellows.—*R. J. DeWolf, Branch Correspondent.*

WEST SIDE

Since Maurice Berman feels that he has served his time as branch correspondent and must move on, it has become my lot to carry on in his stead with the following personnel; Irving Fishman, Elsie Gerlach, Arthur Tessler and Herman Nedved on the staff as assistant branch correspondents. As we will be stationed throughout the West Side Branch area and thus have you boys well covered, it is up to you to come across with the news. We will be favored with articles from each assistant during the year. . . . Ray

Olech has a date with his surgeon on June 16 at St. Anne Hospital to have his gall bladder removed. The best of luck to you, Ray. . . . Franklin Nienstedt is planning to spend his vacation in and around Lac du Flambeau, Wisconsin where he says fishing is always good. . . . Herman Nedved is being evicted from his apartment. He is now negotiating to buy a home in South Berwyn. As he left the service last September, this makes two discharges within the year. That is too many. . . . Irving Fishman is uncomfortable with sinus trouble. . . . Sid Bar-teau is hoping that we do not have a milk strike until his ulcers have subsided. . . . Eli Olech took unto himself a wife on May 2. The happy couple are now spending a month's honeymooning in California. We wish them health, success and all happiness. . . . Maury Massler has just returned from Vancouver where he lectured to a dental society group on malnutrition. . . . Earl Boulger just flew back from Canada where he visited his aging mother. . . . Victor Hogstrom has been confined to his home because of a sore back. . . . Jim Dillon spent a few days in South Bend. . . . Bill Ashworth recently made a trip to Albion, Illinois to visit with friends and relatives. . . . Stanley Sherman is moving to a larger suite of offices in the same building. . . . Harry Rubens, as usual, is making those week end trips to South Haven, Michigan where he visits with his parents and gets inspiration to paint beautiful countryside scenery. . . . The next article will be written by Arthur D. Tessler. Telephone your news to him at Van Buren 7087.—*Irvin C. Miller, Branch Correspondent.*

NORTHWEST

Ladies' Night and installation of officers was held on Wednesday, May 18, at the University of Illinois Union Building. The first few conventional moments were magically changed into gay informality after the guests imbibed in a few atomic cocktails. A "super-sumptious" turkey dinner was served which satisfied even the most exacting and precise gourmet.

Following the dinner, Program Chairman Gerson Gould presented the installing officer, Jim Mershimer. Jim is a recognized raconteur of the Northwest Side and his humor pleasantly entertained the audience. The following officers were installed: LaMar Harris, president; Benjamin Davidson, president-elect; Peter Wlodkowski, vice-president; Irwin Neer, secretary; Joe Ulis, treasurer and Henry Boris, branch director. President Harris, in taking over the reins for 1947, appealed for cooperation. He appointed the following chairmen: Casimir Rogalski, dinner; Fred Ahlers, program; August Pecaro, entertainment and John M. Gates, branch correspondent. For the finale, everyone played Keno. All the girls received a surprise gift and so another Ladies' Night came to a delightful end. . . . Thad Olechowski was elected to the Library Board of Elmwood Park. . . . William Melichar became a papa. How about the cigars on baby Pam? . . . Bob Placek presented a clinic on acrylic jackets before the Freeport Dental Society. . . . Chester Stypinski is building a home in Lincolnwood. . . . Paul Kubala became a proud papa to Paul, Jr. . . . Telephone Pensacola 5400, boys, giving me any news that you may have. . . . See you soon.—*John M. Gates, Branch Correspondent.*

NORTH SIDE

"Vas you dere, Charlie?" I'm referring to the North Side Golf Outing which by this time is past history. One man I am sure was there is Maurice Horan who, we are told, closed his office Saturday afternoons so that he could practice up on his golf. . . . Mother's Day and Father's Day have both gone down in history but Joe Ambrose is still thinking of his folks. He is driving them out to San Diego, California where they plan to live now that his dad is retired. Joe will stay a month and then return by train, after presenting his car to them. . . . Adolph Sprecher and wife have recently returned from a week's stay at Hot Springs, Arkansas. . . . Marvin Ericson is another returnee from a vacation spent with his

wife at his lodge on the Upper Peninsula of Michigan. . . . We are sorry to hear that Bill Schoen has been confined to his home with the flu. We trust he is back on the job by this reading. . . . Another one on the sick list is J. V. Linder who has been confined to his bed due to a severe case of arthritis. We wish you a speedy recovery. . . . Deacon Weber is spending the week through Decoration Day at one of his favorite haunts at Rhinelander, Wisconsin. . . . Johnny Boodin and wife recently spent a half week with his sister in Centralia, Illinois. . . . Lee Simons has returned from an enjoyable vacation down in Asheville, North Carolina. . . . A brand new Pontiac and Chrysler were seen being driven by Ed Kirby and Walter Nock respectively. Lucky fellows. . . . We hear via the grapevine that our past program chairman, Russell Boothe, will be appointed in this capacity by President Hartley. Downtown should get some "bang up" programs this coming season. Russ has been busy organizing a junior American Dental Association group at Northwestern University and deserves commendation. . . . Edgar Walker and Mrs. Walker recently spent a week up at Minocqua, Wisconsin. . . . Clyde West and his wife were visitors a short time ago at Watseka, Illinois. . . . Dan Peterson, one of our seafaring members, crashed the metropolitan section of the Sunday Tribune with a picture of the launching of his "ship" preparatory to a summer of cruising. . . . Bill Osmanski, our ex-Bear star, has been starring in dental and civic circles as well. At the downtown Youth Night he gave a talk and showed pictures to the prospective students. He also gave a talk and presented the membership certificate to the seven hundredth member of the Uptown Boys Club. A few days ago, together with yours truly, he examined the eighty-four pupils of the fourth grade of the McPherson School. . . . Have you ever stopped to consider that the North Side has over eight hundred members?—*N. M. Elliott, Branch Correspondent.*

(Continued on page 20)

Roster of Associate Memberships of CHICAGO DENTAL SOCIETY 1947-1948

(Continued from June 1 issue)

Komers, L. C., Beaver Dam, Wis.
Kontio, Arthur, Ishpeming, Mich.
Kontz, H. F., Woodsfield, Ohio
Korbelak, Mitchell, Detroit, Mich.
Koval, Joseph, Cleveland, Ohio
Kowals, Chester A., South Bend, Ind.
Kraus, E. Edward, Milwaukee, Wis.
Krauser, E. L., Kewanee, Ill.
Kreiger, H. C., Duluth, Minn.
Krejci, F. J., La Porte, Ind.
Kreutzmann, Edd W., Oconomowoc, Wis.
Kromer, E. H., Waverly, Iowa
Kubiak, F. S., South Bend, Ind.
Kuich, S. G., Milwaukee, Wis.
Kulstad, Hugo M., Pomona, Calif.
Kurattli, Jr., John, Portland, Ore.
Kurtz, Theodore B., Elkhorn, Wis.

L

Laffler, Joseph A., St. Louis, Mo.
LaFleur, A. M., Shawnee, Okla.
Lambert, E. W., Salt Lake City, Utah
Lamons, Frank F., Atlanta, Ga.
Lamphere, Wallace W., Lincoln, Nebr.
Landegren, J. W., Burlington, Iowa
Landess, Hugh A., Lewistown, Ill.
Lane, Thomas B., Kenosha, Wis.
Laneve, J. J., East Liverpool, Ohio
Lang, E. G., New Ulm, Minn.
La Porte, E. J., Omaha, Nebr.
Lapp, S. M., Kenosha, Wis.
Larson, A. M., Belmont, Iowa
Laskin, J. E., Cleveland, Ohio
Lassman, Arthur B., Geneva, Ill.
Latimer, James K., Youngstown, Ohio
Lauder, Charles E., Monmouth, Ill.
Laws, Hiram A., III, Chattanooga, Tenn.
Layman, F. G., Lincoln, Nebr.
Leavell, Fred W., New Castle, Ind.
Lee, D. C., North Judson, Ind.
Lee, Jr., J. Harry, New Albany, Ind.
Lee, R. W., Sac City, Iowa
Leer, Harry D., Indianapolis, Ind.
Leftwich, John G., Tulsa, Okla.
Leinfelder, M. J., La Crosse, Wis.
Lemley, Ivan, Ottumwa, Iowa
Lentz, Dale, Indianapolis, Ind.
Leonard, F. W., Columbus, Nebr.
Leshin, Arno, Chicago, Ill.
Levitt, Harry L., Cleveland, Ohio
Levy, Saul, Scranton, Pa.
Lieb, Edmund F., Minneapolis, Minn.
Liebe, Carl E., Portland, Ore.
Lieberman, Heiman G., Evansville, Ind.
Lienemann, E. P., Seattle, Wash.
Liesemer, Gordon, Detroit, Mich.
Lindburg, Harry L., Moline, Ill.
Lindelov, E. H., Lake Mills, Wis.
Lineberger, H. O., Raleigh, N. C.
Linn, O. T., Bourbon, Ind.
Lipetska, E. M., South Bend, Ind.
Lipton, Leo, Detroit, Mich.
Lister, C. S., Hines, Ill.
Llewellyn, M. L., Gadsden, Ala.
Lloyd, Frank J., Cleveland, Ohio
Loeb, Virgil, St. Louis, Mo.
Loikrec, Olaf L., New Orleans, La.
Lokey, Charles W., Birmingham, Ala.
Lokey, Jr., C. W., Birmingham, Ala.
Longnecker, E. K., Richmond, Ind.
Lord, R. T., Kewanee, Ind.
Lossman, M. F., Tuscola, Ill.
Loughry, Charles H., Akron, Ohio
Loughry, J. A., Cleveland, Ohio
LoVellette, R. E., Tulsa, Okla.
Love, R. D., South Bend, Ind.
Loving, Harry E., Bristol, Tenn.
Lucas, J. Wesley, Wichita, Kan.
Luehke, Walter A., Milwaukee, Wis.

Luglan, E. L., Griswold, Iowa
Lumpp, H. C., Mattoon, Ill.
Lunak, K. V., West Chicago, Ill.
Luper, James C., Okolona, Miss.
Luten, J. R., Little Rock, Ark.
Lux, Konrad, Waco, Tex.
Lynch, W. J., Whiting, Ind.
Lynn, Roland, Dallas, Tex.
Lyons, J. Kenneth, Jackson, Mich.
Lytle, Floyd E., Cincinnati, Ohio

M

MacDonald, W. D., Wilkinsburg, Pa.
Maddox, Charles H., Charleston, W. Va.
Maddux, N. P., Asheville, N. C.
Madison, D. B., Herkimer, N. Y.
Maeth, Harry, Mosinee, Wis.
Magnelia, W. M., Rockford, Ill.
Magnuson, J. E., La Porte, Ind.
Mahle, Eugene H., Peoria, Ill.
Mahoney, J. E., Wood River, Ill.
Main, L. R., St. Louis, Mo.
Maley, Paul A., Alton, Ill.
Malinowski, F. P., Hamtramck, Mich.
Mallernce, R. E., Atlanta, Ga.
Malone, Raymond J., Portland, Maine
Malson, T. S., Cleveland, Ohio
Maney, J. L., Oconomowoc, Wis.
Maras, John J., Streator, Ill.
Marcan, C. M., Milwaukee, Wis.
Marcereau, C. J., Detroit, Mich.
Marker, D. A., Columbus Junction, Iowa
Maritt, C. J., St. Joseph, Mo.
Marleski, Anthony J., Cleveland, Ohio
Marlow, S. A., Madison, Wis.
Marquardt, H. A., Rockford, Ill.
Marshall, J. A., Morrison, Ill.
Martha, A. Carl, West Bend, Wis.
Martin, Aubrey L., Seattle, Wash.
Martin, Bernard A., Indianapolis, Ind.
Martin, Ralph M., Mishawaka, Ind.
Mason, Clarence L., South Bend, Ind.
Mason, H. W., Indianapolis, Ind.
Mason, James P., Fort Smith, Ark.
Mason, R. A., Milwaukee, Wis.
Mast, Erwin F., Fort Wayne, Ind.
Mathews, John C., Montgomery, Ala.
Matson, C. H., Flint, Mich.
Matteson, R. C., Sioux City, Iowa
Matthews, Carl S., Kansas City, Mo.
Matthews, Harry W., Aurora, Ill.
Maxey, H. G., Springfield, Ill.
May, C. R., Hales Corners, Wis.
Maybee, Bert E., Kansas City, Mo.
Mayerson, J. J., Milwaukee, Wis.
Mayfield, C. T., Kokomo, Ind.
McAllister, Ralph E., Wash. D. C.
McCarthy, J. W., La Porte, Ind.
McCollum, B. B., Los Angeles, Calif.
McCollum, N. J., West Frankfort, Ill.
McConaghey, John C., New Castle, Pa.
McCormack, O. J., Syracuse, N. Y.
McCormack, P. D., Atlanta, Ga.
McCormack, Jr., R. F., Atlanta, Ga.
McCravy, L. J., Neenah, Wis.
McCudden, L. D., Milwaukee, Wis.
McDermott, L. A., Toledo, Ohio
McDonell, C. Hugh, Omaha, Nebr.
McFall, Walter T., Asheville, N. C.
McGavock, Robert J., Birmingham, Ala.
McGrane, H. F., Laurel, Md.
McGregor, John W., Evansville, Ind.
McHardy, Colin A., Baton Rouge, La.
McKay, James M., Dubuque, Iowa
McKee, William A., Benton, Ill.
McKellar, Douglas A., Ardmore, Okla.
McKemie, C. R., Albany, Ga.
McKinley, Theodore E., Lakewood, Ohio
McKinnon, D. W., St. Joseph, Mo.
McLaughlin, Neil, Vermontville, Mich.

McLaughlin, W. E., Mendota, Ill.
 McLure, Roy M., Opelika, Ala.
 McMahon, Henry A., Syracuse, N. Y.
 McNally, E. L., Springdale, Ark.
 McNamara, Donald J., Galena, Ill.
 McNulty, Wilbur P., Fort Wayne, Ind.
 McPike, J. Donald, Muscatine, Iowa
 McWherter, Earl, Hot Springs, Ark.
 Meacham, Forrest C., Chattanooga, Tenn.
 Mead, E. C., Rockford, Ill.
 Meade, Mary B., Carmi, Ill.
 Meeker, W. R., Peru, Ind.
 Meese, Harold F., Buffalo, N. Y.
 Meier, L. C., Cleveland, Ohio
 Meisser, J. C., Cleveland, Ohio
 Merchant, H. A., Omaha, Nebr.
 Merrill, Copeland, Wellsley, Mass.
 Mertz, C. N., Topeka, Kan.
 Messerman, Theodore, Cleveland, Ohio
 Messinger, C. W., Houghton, Mich.
 Metcalf, John C., Alhambra, Calif.
 Metzler, William T., Milwaukee, Wis.
 Meyer, F. S., Minneapolis, Minn.
 Meyer, L. F., Sandusky, Ohio
 Meyer, Lowell F., Milwaukee, Wis.
 Michael, Samuel R., Cleveland, Ohio
 Michaux, W. F., Byron, Ill.
 Miller, E. F., Milwaukee, Wis.
 Miller, Floyd H., Fairbury, Ill.
 Miller, Fred D., Altoona, Pa.
 Miller, H. Lawrence, Cincinnati, Ohio
 Miller, I. Franklin, Pittsburgh, Pa.
 Miller, K. W., Barnesville, Ohio
 Miller, M. J., Ossian, Iowa
 Miller, R. G., South Bend, Ind.
 Miller, Ronald, H., Grand Rapids, Mich.
 Miller, T. D., Joplin, Mo.
 Miller, William N., Flint, Mich.
 Milligan, William, Portland, Ind.
 Minshall, Lawrence K., Rockford, Ill.
 Misner, Samuel E., Miami Beach, Fla.
 Mitchell, Arnold W., Montreal, Quebec
 Mitchell, Edward L., Indianapolis, Ind.
 Mitchell, Gerald A., Atlanta, Ga.
 Mitchell, Joseph L., Milwaukee, Wis.
 Mitchell, Roy D., Atlanta, Ga.
 Mitchell, W. P., Dennison, Ohio
 Mitton, Glenn T., Toronto, Ontario
 Mnookin, S. M., Kansas City, Mo.
 Moe, A. H., Brookings, S. D.
 Moen, O. H., Watertown, Wis.
 Moha, M. C., Moberg, S. D.
 Monette, R. J., Birmingham, Ala.
 Monfort, Louis H., Gary, Ind.
 Montague, A. J., Detroit, Mich.
 Monteleone, L. J., Cleveland, Ohio
 Montgomery, E. A. W., Evansville, Ind.
 Mooney, C. R., Brodhead, Wis.
 Moore, Clayton J., Grand Island, Nebr.
 Moore, Fred L., Cincinnati, Ohio
 Moore, Jack D., Ada, Okla.
 Moravec, Ed L., Cedar Rapids, Iowa
 Morehead, Robert T., Nashville, Tenn.
 Morgan, George E., Milwaukee, Wis.
 Morris, L. E., Indianapolis, Ind.
 Morrison, J. H., Rensselaer, Ind.
 Morrow, Bruce J., Macomb, Ill.
 Mortell, John P., Oshkosh, Wis.
 Morton, H. G., Milwaukee, Wis.
 Mortonson, James C., Milwaukee, Wis.
 Mortonson, M. H., Sr., Milwaukee, Wis.
 Mortonson, M. H., Jr., Milwaukee, Wis.
 Mortonson, T. K., Milwaukee, Wis.
 Mosberg, Carl E., Cadillac, Mich.
 Mose, John Dee, Sapulpa, Okla.
 Moses, Charles H., Hamilton, Ontario
 Mosher, Dean H., Mendota, Ill.
 Mosher, Donald F., Kansas City, Mo.
 Moss, John, DeKalb, Ill.
 Moyer, Walter E., Denver, Colo.
 Mrs. Thomas J., Hazleton, Pa.
 Muchow, Ralph W., Elgin, Ill.
 Mulder, Edward W., Grand Rapids, Mich.
 Mull, Cecil R., Lansing, Mich.
 Murphey, Phelps J., Dallas, Tex.
 Murphey, William C., Uniontown, Pa.
 Mustian, Wallace F., Durham, N. C.
 Muzzy Leo B., Odell, Ill.
 Myers, L. E., Omaha, Nebr.

N

Nachazel, Delbert P., Milwaukee, Wis.
 Nau, J. H., South Bend, Ind.
 Nau, Jr., James H., South Bend, Ind.
 Neal, Ir J., Mattoon, Ill.
 Neal, Wayne T., Mattoon, Ill.
 Neber, L. W., Springfield, Ill.
 Neighbours, A. J., Hope, Ark.

Nelson, Charles W., Elkhart, Ind.
 Nelson, Clifford T., Grand Rapids, Mich.
 Nelson, Clyde A., Milford, Del.
 Nelson, Earl A., Minneapolis, Minn.
 Nesbitt, R. M., Milwaukee, Wis.
 Neisler, Clarence O., Dubuque, Iowa
 Neisler, William M., Dubuque, Iowa
 Neuenschwander, W. E., Fort Wayne, Ind.
 Neufeld, Edward S., Des Moines, Iowa
 Neuhoof, F. A., Belleville, Ill.
 Neuworth, P. Sidney, Peoria, Ill.
 Newgard, G. W., Delafield, Wis.
 Newlin, Calvin C., Denver, Colo.
 Newman, Leon E., Cleveland, Ohio
 Newman, Paul D., Framington, Mo.
 Newton, K. D., Roseville, Mich.
 Newton, Walter T., Houston, Tex.
 Nichols, C. E., Indianapolis, Ind.
 Nichols, N. R., Chattanooga, Tenn.
 Nichols, Paul, Terre Haute, Ind.
 Nicholson, Ralph G., Aurora, Ill.
 Niedhamer, H. J., Cincinnati, Ohio
 Niemi, Walter A., Fitchburg, Mass.
 Nixon, E. C., Uniontown, Pa.
 Nockerts, K. A., Green Bay, Wis.
 Nolen, James C., Muskegon, Mich.
 Nolen, John G., Lansing, Mich.
 Nolting, Daniel P., Albuquerque, N. M.
 Nordholm, George W., Milwaukee, Wis.
 Northcutt, Claud A., Ponca City, Okla.
 Nourie, E. J., Kankakee, Ill.
 Nussdorfer, E. C., Grand Rapids, Mich.
 Nutlay, A. G., Halifax, Nova Scotia
 Nystruen, J. W., Algonquin, Ill.

O

Oberdorfer, E. N., Iron River, Mich.
 Ochs, W. A. C., Mankato, Minn.
 O'Connor, Garland G., Omaha, Nebr.
 O'Donnell, J. C., Iron Mountain, Mich.
 O'Donnell, John E., Seattle, Wash.
 O'Farrell, J. Daughtry, Houston, Tex.
 Ogden, Ingram W., Henryetta, Okla.

THE DENTIST'S OWN BUSINESS

(Continued from page 10)

dentistry of inferior quality to gain a higher fee is soundly condemned.

A chapter is devoted to payment arrangements which contains a number of practical and helpful suggestions on the management of this important detail. In the chapter on collections the author briefly describes his method of billing delinquent accounts and a copy of his collection letter is illustrated.

The book is clearly written and all of the record forms are well illustrated. The pages are large size but are neatly bound with a ring binder simulating in style the loose-leaf notebook system for record keeping and filing which the author uses. In a sense the book has a narrow base in that it presents only one system and one point of view. But its

intent is to describe a method that has proved efficient in a successful practice so that others seeking to better their business technics may have a guide. This purpose it fulfills.—Robert G. Kesel.

MINUTES OF REGULAR MEETING

(Continued from page 8)

Society, the Fortnightly Review, and that a copy of this resolution shall be forwarded to the Secretary of the American Dental Association.

In accordance with a long established custom of the Society, President Humphrey announced that the retiring presidents of each of the branches and the retiring officers and directors of the Chicago Dental Society would be awarded certificates in appreciation of the many services each has rendered to the Society. Testimonial certificates were then presented to each of the following:

John L. Lace, Englewood

Robert C. Pinkerton, Kenwood-Hyde Park

William P. Schoen, Jr., North Side

Walter T. Poyer, North Suburban

B. Placek, Northwest Side

H. C. Gornstein, South Suburban

Michael DeRose, West Side

Edwin M. Moore, West Suburban

Edwin W. Baumann, Director from North Suburban

T. C. Starshak, Director from Englewood

Robert J. Wells, Secretary of the Society

W. C. Phillips, Vice-President of the Society

President Humphrey then asked the newly elected officers to come to the rostrum. These officers were introduced to the membership and inducted into office by the President in the following order:

Vincent B. Milas, Treasurer

Arno L. Brett, Secretary

Edwin W. Baumann, Vice-President

Robert J. Wells was presented to the membership as President-Elect of the Chicago Dental Society. His installation as President will occur at the May meeting in 1948.

(Continued on page 20)

MINUTES OF REGULAR MEETING

(Continued from page 19)

President Humphrey then introduced the newly elected directors—James E. Fonda from North Suburban and Harold H. Hayes from Englewood, and congratulated them upon their election.

Following the introduction and installation of the officers President Humphrey presented Harry A. Hartley, and installed him as President for the coming year.

Following his installation into office President Hartley thanked the members of the Society for the great honor accorded him and assured the members that he would fulfill the obligations of his office in the manner expected.

Dr. Robert G. Kesel, Chairman of the Monthly Program Committee, was then presented by Dr. Humphrey. Dr. Kesel in turn introduced the following speakers of the evening who spoke on the subjects indicated:

Louie R. Austin, Rochester, Minnesota—"Common Ailments of Dentists Treated at the Mayo Clinic"

Fremont A. Chandler, Chicago—"Posture—Bone, Joint and Muscle Disturbances"

Chauncey C. Maher, Chicago—"Cardiac Diseases—Their Symptoms and Prevention"

At the conclusion of their presentations Dr. Humphrey expressed the thanks and appreciation of the membership for their fine discussion.

There being no further business the meeting adjourned at 10:40 p.m.

Approximately five hundred members and guests were in attendance.

Respectfully submitted,
Robert J. Wells, Secretary

NEWS OF THE BRANCHES

(Continued from page 13)

KENWOOD-HYDE PARK

We of Kenwood and Hyde Park are very proud of the honor which is ours in having the president and president-elect of the Chicago Dental Society at

the same time. Harry Hartley brings to the office eight years of continuous service on the Board of Directors and a devotion to the highest ideals of organized dentistry which assures us that the job will be well done. Bob Wells has just finished his fifth year on the Board; the last two as our very efficient secretary. To both we wish a most successful year and assure them of our continued support. To our new officers, Wilbur Spencer, president; Christ Davidson, vice-president; Larry Johnson, secretary and P. L. Mathisen, treasurer, a very successful year. . . . Larry Johnson has just returned from Havana and Miami, having had a wonderful time even though his visit to Havana was cut short by the possibility of May Day demonstrations. . . . Christ Davidson expects to visit his son, an engineer with the Bell System at Manhattan, New York. Incidentally, if you want a little insight into the miracles of radar and telephonic progress, read the articles appearing in the Saturday Evening Post starting with the May 10 issue and entitled "Ma Bell's House of Magic." . . . We welcome to our membership Walter O'Connor and Dan Reeder and we know they will find it a pleasant and very worthwhile association. . . . If we don't see you before, we will be glad to meet and greet you at our first meeting in October. . . . Wilbur Spencer had a meeting of his officers at his home Tuesday, May 24, at which time the committee chairman and members were selected. . . . Roy Eberle has been honored by an invitation to speak before the joint meeting of the Western Canada Dental Society and the British Columbia Dental Society on June 14 and 15 at Banff. Roy will present a paper entitled "A Review of Mucostatics and Fundamentals of Articulation." We wish we were going along. . . . Jesse Carlton and family visited his boyhood home in Creston, Iowa over Memorial Day. . . . If you have any news telephone one of the associate branch correspondents—Christ Davidson, Robert Pinkerton, Walter Scanlan, Chet Blakeley or myself.—Elmer Ebert, Branch Correspondent.

NOW! Immediate Denture patients can eat MEAT

specially strained
or diced by
Swift & Company

One of the first questions patients ask after receiving an immediate denture is, "What can I eat?" Now, you may tell them they can eat *meat*—tempting, nourishing meat that's *strained* or *diced*—needs no chewing! Swift's Strained and Diced Meats were developed originally for feeding to infants. Many dentists have since written Swift & Company to say that these meats have been enthusiastically received by edentulous and immediate denture patients.

Swift's Strained and Diced Meats are *all meat*, offer 6 tempting kinds for variety: beef, lamb, pork, veal, liver and heart. Because meat provides complete, high-quality proteins, it helps prevent weight loss in patients who are unable to eat their customary diet. Swift's Strained and Diced Meats are convenient to use—come all ready to heat and serve. Remember to tell your patients about Swift's Strained and Swift's Diced Meats.

For complete information and samples of Swift's Strained and Diced Meats write to Swift & Company, Dept. BF, Chicago 9, Illinois, or phone Yards 4200, Extension 2155.

SWIFT & COMPANY • CHICAGO 9, ILLINOIS

American hands . . .
 thinking, skillful, careful, trained
 hands . . . that
 you may find us dependable.

TIME *saved*...MONEY *made*...PATIENT
satisfied...when you carefully
 fit a replacement into your patient's mouth
 and...he says: "*Swell!*"

DOCTOR . . friend of ours . . there are
reasons why all the dentists who use
American Service regularly . . . *do make*
more money.

Each of their patients is satisfied . .
 each of their tasks for him is performed
 and finished in a minimum of time . .
 and thus each job is a PROFIT job . . .

. . . . for there is seldom need for a
 make-over on an American replacement:
 no silly puttering to make it fit, to make

it fit comfortably, to make it easy to use
 and *your* fame and reputation
 grow far beyond your neighborhood.

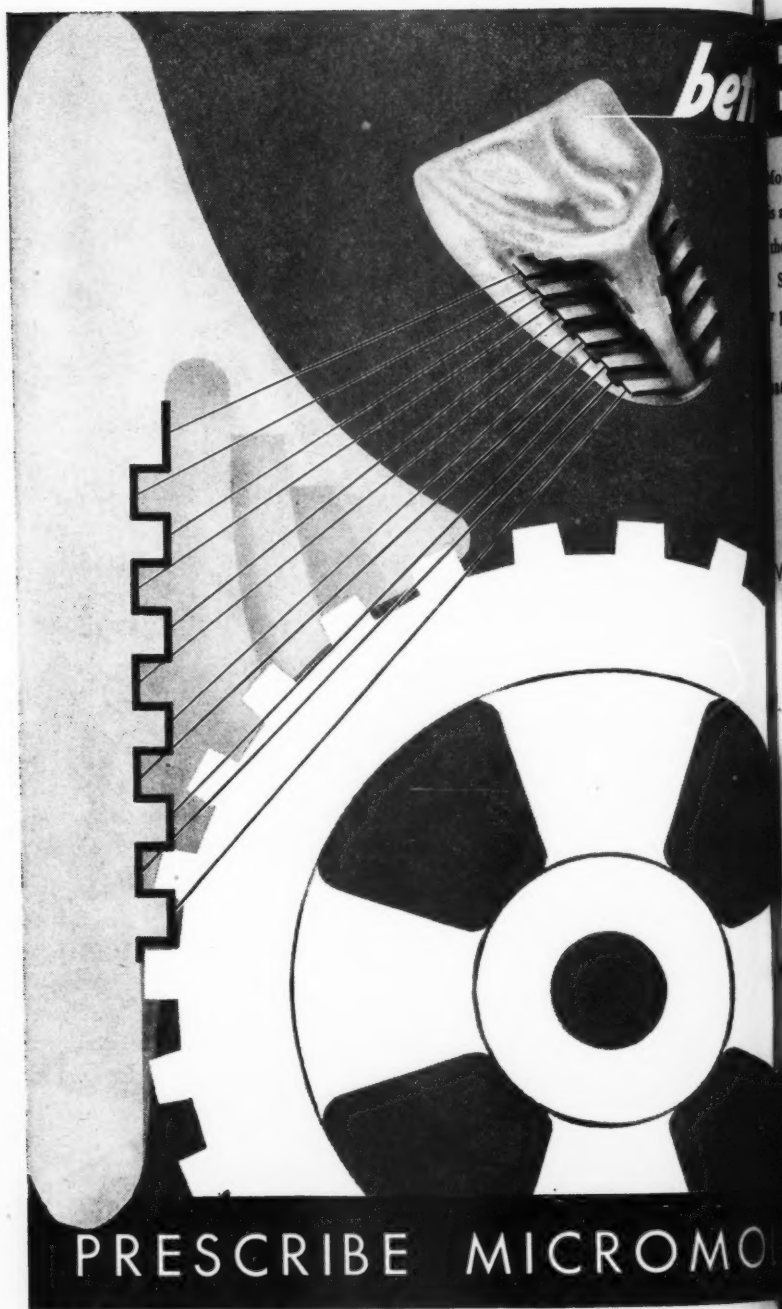

To your medical and dental skills and
 experience you can add the famed de-
 signing and precision work of American
 craftsmen . . . add *our* skills and intent
 and you spread, deeply and widely, the
 appreciation, the gratitude of your pa-
 tients

. . . . that you may make more money.

Always USE

American SERVICE

Retention

Molded Interproximal Retention of Micromold Porcelain
 is a better means of retention. Molded into the body
 of the tooth, it locks securely into the denture base.
 Stress is distributed evenly and not centered at
 points. Lingual has a more natural "feel" to the tongue.

* Micromold is a registered trademark of Austenal Laboratories, Inc.

MICROMOLD Porcelain Teeth are made by the Micromold Process, originated by Austenal Laboratories, Incorporated, and represent the most revolutionary advance in tooth manufacture in a century of prosthetic progress.

PORCELAIN TEETH . . .

GOOD NEWS

THE Good News about Kennedy denture service travels fast . . . That's why so many dentists in Chicagoland and Northern Indiana are enjoying the many advantages and benefits of Kennedy construction. For one thing, our employment of the popular McGrane technique and controls for precision processing assure perfect adaptation and the elimination of much trimming and grinding while the patient sits and waits. This assurance of "chairtime conservation" has favorable psychological aspects and is a definite contribution to economy and increased profits. Kennedy denture service pre-supposes no new technics for you to learn. It is a scientific simplification of normal procedures that we will gladly explain. For a more pleasant dentist-patient relationship through avoidance of chairside adjustments, call Kennedy.

NOW YOU ALSO CAN TOOT YOUR HORN

Dear Doctor:

EVERY PARTIAL DENTURE ENTRUSTED TO THE UNITED DENTAL LABORATORIES IS SURVEYED BEFORE IT IS CONSTRUCTED...

Please note carefully that we use the word, "every".

Whatever material is used: gold, precious metal alloy, chromium, or a combination of wire and your preferred material for setting in teeth -- the case must fit. Whatever you pay for the restoration -- the case must fit. Expensive partials, medium priced removables, inexpensive restorations are ALL surveyed first by UNITED technicians and a design is made before actual construction of the case is begun.

You can depend upon the accuracy of every United made partial. Nothing is left undone to assure complete satisfaction. "IT FITS THE 1ST TIME", has long been a slogan of ours. Our care in surveying the case, designing it from a practical standpoint, building it step-by-step from the knowledge and experience gained through many years eliminates the necessity of make-overs, finicky adjustments at the chair.

And what is more, United accompanies every case constructed in its laboratories with a full guarantee of complete satisfaction, or your money back.

You take no chance whatsoever in sending your partial denture work to United. Constructed on stone models every partial is tested for accuracy before it leaves the laboratory. Make it a point to get this dependable service whatever your patient can afford to pay....You will never regret your decision to do so.

Sincerely,

UNITED DENTAL LABORATORIES

M. M. Egel.

SURE TO SATISFY

Make It A Must To Try Our PLASTIC "Precision Cast"
Dentures with "JEWEL-LIKE" Finish

Individual attention and personal supervision is given to all restorations. Try us on your next case.

DEELASTIC

Because faithful reproduction of mouth conditions is the basic essential to functional efficiency and comfort in partial dentures, DEELASTIC is important to your prosthetic procedure.

You will find that DEELASTIC has exceptional flow; is creamy smooth and easy to control . . . yet sufficiently elastic so that it is withdrawn from the mouth in one piece and without distortion.

DEELASTIC is a true Hydrocolloid compounded for certainty in results to the exclusion of all guesswork.

Laboratories prefer DEELASTIC . . . There's a reason.
